

# New Business Start-Up

Turning Dreams into Reality

## Establishing and setting up your business

Starting a new business can be exciting and daunting all at the same time. Your business deserves every chance to succeed, so you should start your business in the best possible position.

At GM Accounting we do not believe in a one-size-fits-all approach to structuring your business. Tailored advice ensures that our solutions are true to your personal situation and business ambitions.

We take our clients through an intensive strategic planning process to manage the unique challenges of the start-up phase. We assist clients in ensuring their business plan is realistic and achievable, so it can be used both as a road map for management and as the basis for raising debt and/or equity capital.

Whatever your industry, getting your business up and running requires the right advice and experience. If you have got a great idea and the passion to follow it through, GM Accounting will provide business and accounting solutions to help you succeed. Whether you are an entrepreneur, franchisee or business owner, we offer a number of essential solutions for starting your own business.

GM Accounting has over 25 years of experience in helping clients start their own businesses. Our extensive experience in helping start-up businesses covers:

- Due Diligence and planning
- Set up of structure requirements
- Registering and licensing with authorities
- Finance and Lending
- Cash flow Projections and budget preparation
